

# Senior Pet Release Form

Your pet is important to us. Because we care, we want to assure you that every effort will be made to make your senior pet's visit as pleasant as possible.

When older pets are taken in for grooming, their bodies are subjected to stress because of removal from their normal home environment. This stress has the potential to cause latent physical conditions (i.e. heart, liver and kidney disorders) to become active, and potentially life-threatening.

In the best interest of your pet, we request your permission to obtain immediate veterinary treatment, should it become necessary. In this event, we will attempt contact with you at home and at emergency contact number. If no contact is made how do you wish for us to proceed with your pet's care:
